

Location Map

Scale: 1" = 2000'

Note: Flow Measurements are taken using Time Bucketed Flow except for where weirs are present

LEGEND

- Contour 2 ft. Interval
- 1530 Contour 10 ft. Interval
- Underwater Contour 2 ft. Interval
- Edge of Water/Stream
- Trees & Vegetation
- 10" PVC Pipe
- 6" PVC Pipe
- 8" PVC Pipe
- Riprap Ditch
- Subsurface Drain
- Water Level Control Structure
- COWETOUT Sample Point Location
- COSED/WET Sample Point Location with Flow Measurement
- Cleanout
- Valve
- Trail
- Dirt Road
- Weir
- Colasped Mine Entry
- Grass-Lined Channel
- 18" Corrugated HDPE
- 12" Pipe
